Instructions for EndNote Desktop Users

**Purpose:** Yale University Library is migrating link resolver services, with a go-live date of Monday June 23rd 2014.

These are instructions on how to change the link resolver URL in your EndNote preferences so that you are using the current link resolver. You may make this change any time before June 23rd 2014, but you MUST make the change after June 23rd 2014.

These instructions are for EndNote desktop users only.

**Instructions:**

- In EndNote, go to the top menu and select **Edit:**
• When the drop down menu from Edit appears, choose Preferences...
When the pop-up window for Preferences appears, click on "Find Full Text."
Macintosh Users: find 'Preferences' under the EndNote x7 menu.
* In the text box immediately after "OpenURL Path:" paste the following link, including the " http:// "

http://wa4py6yj8t.search.serialssolutions.com

* Click 'Apply', then 'OK'

You're all set! You will now use the current link resolver service at Yale University Library.
Troubleshooting and Support:

For questions about connecting to e-resources/citations, please email the library's E-resource team at

e-resprob@mailman.yale.edu

For questions about these instructions, or the link resolver interface/look and feel, please email

jennifer.nolte@yale.edu

For questions about using EndNote, please contact the Library at Ask Yale Library

http://ask.library.yale.edu

For questions about EndNote installation, please contact the Help Desk at helpdesk@yale.edu
